

24 hour service

To Our Valued Customer,

Albuquerque Winnelson's goal is to be your go-to supply house for all of your plumbing & heating needs regardless of the time of day, or day of the week. While you are always welcome to contact your salesperson for immediate access to our inventory, we have also implemented a new fee based After Hours Service.

24 hour service

You can reach our on-call contact, 24 hours a day, 7 days a week at **(505) 249-5224**.

1. Our on call salesperson will have the ability to remotely check stock prior to making the trip back to the shop.
2. If you require an emergency delivery of an AO Smith commercial water heater within the city limits, we are here to help. With our "stair climber", it gives the ability for one person to bring any of our Commercial Water Heaters where ever you need it, and remove the old one at the same time.

24 hour service

Albuquerque Winnelson takes pride in being your partner for all your plumbing & heating needs. Please feel free to contact us at any time if you would like to make any suggestions on how we can improve our value and service to your company.
